

## Tips & Techniques

- Apply color in a crosshatch pattern to minimize brush marks.
- Be sure to **mix** these glazes very well before painting with them.
- Colors can be used alone or layered over one another for endless creative possibilities!
- Artisan Glazes are a **low-fire** glaze family and are not intended for high fire use.
- Apply 2-3 coats of these glazes.
- Projects painted with Artisan Glazes should **not** be dipped before firing.
- Artisan Glazes should be fired to cone 06.
- These glazes are non-toxic and **food safe**, so feel free to use them for dinnerware!
