## SUPPLIES

Assorted Royal Aqualon Brushes  
Contact Paper  
Detail Brush  
1" Painter's Tape  
Pencil  
Scissors  
Textured Sponge  
Water

## INSTRUCTIONS

1. Lightly wipe ware with a damp sponge to prepare surface for painting.
2. Using contact paper, a pencil and scissors, cut out 16 similarly sized triangles. Arrange on the frame with about  $\frac{1}{2}$ " between each.
3. Sponge the entire frame using Light Ginger. Let dry.
4. Using 1" painter's tape, align the tape in a chevron, zig-zag pattern. Heavily sponge the frame using Neon Coral. Once dry, peel off the painter's tape and contact paper.
5. Again using contact paper, sketch out 2 curvy lines about 1" from the edge of the contact paper. These cut-outs will resemble a rectangle with 1 curvy, long side. Place both cut-outs near bottom of frame, opposite from one another. Press down firmly.
6. Next, using two stripes of painter's tape, section off a  $\frac{1}{2}$ " area across the top of the frame.
7. Paint the area in between the contact paper cut-outs (bottom) and painter's tape (top) using Bright Grape. Let dry. Remove contact paper.
8. Accent the triangle shapes using different patterns of Bright Caribbean, Light Ivy and Green Apple. Using Bright Ginger, add a small square underneath each tree as a tree-trunk. Let dry.
9. Paint 12 1" square tiles using 3 coats of Bright Ginger. Once dry, use a detail brush and Dark Black to write out each letter of the phrase "HOLIDAY MAGIC." Add numbers to turn the tiles into Scrabble letter pieces.
10. Secure "HOLIDAY" to the top of the frame and "MAGIC" to the bottom of the frame (in the Bright Grape-painted area) using any French Dimensions as adhesive. Let the piece dry completely.
11. Dip in Pure Brilliance and fire to Cone 06.
12. Once fired, brush on 1-2 coats of Duncan Glittering Silver Sparkler to the frame to add a festive glitter.
