CC180-2 Cover Coat Papago Turquoise
CC185-2 Cover Coat Apricot
CC192-2 Cover Coat Dark Blue

SUPPLIES

Assorted Royal Aqualon Brushes
Detail Brush
Water

INSTRUCTIONS

1. Lightly wipe ware with a damp sponge to prepare surface for painting.
2. With 3 coats of Papago Turquoise, paint the outside surface of the mug. Let dry.
3. Use a detail brush and 3 coats of Apricot to paint a larger oval around each eye. Once dry, fill in the smaller circle of each eye with Black Brown.
4. On each cheek - on each side of the handle - paint a small circle with 2-3 coats of Rose.
5. Paint the top half of the elephant trunk with 3 coats of Deep Turquoise.
6. Below the handle, use a detail brush and Black Brown to trace over the mouth line.
7. Paint each ear with 3 coats of Deep Turquoise. Once dry, overlay each painted ear with a smaller ear shape using 3-4 coats of Bright Green.
8. Along the bottom edge of the mug, use a detail brush and Dark Blue to create the elephant's body shape by painting the area under the mouth, under the behind, and in between each leg.
9. Add 2 thin lines with Black Brown to each foot to create toes.
10. Fill in the inside of the mug with 2-3 coats of Black Brown. Let dry.
11. Dip in Pure Brilliance and fire to Cone 06.
