

# Woodland Wonder

*Design courtesy of Bisque Imports*

Bold designs and modern colors make this woodland project an instant classic!

## MATERIALS

950 4.25" Square Tile (x4)  
AS548 Mask n' Peel  
CN061-8 Light Salsa  
CN142-8 Bright Aqua  
CN253-8 Dark Black  
CN261-8 Light Grape  
CN271-8 Light Jade

## SUPPLIES

Assorted Royal Aqualon Brushes  
Detail Brush  
Pencil  
Scissors  
Thin Permanent Marker  
Tissue Paper  
Water

## INSTRUCTIONS

1. Lightly wipe ware with a damp sponge to prepare surface for painting.
2. First, cut out four 4" x 4" squares of tissue paper. One at a time, overlay each tissue paper square over one of the four animal silhouettes provided in the template. With a pencil, trace over the outline of each silhouette on the tissue paper squares.
3. Again, one at a time, overlay the tissue paper square with the trace silhouette image on each tile. With a thin permanent marker, again trace over the animal outline. Trace slowly so that the ink of the marker will bleed onto the surface of each tile. Lift up the tissue paper to reveal your transferred image. Once finished, each tile will have its own transferred animal silhouette outline on its surface.
4. With a paintbrush, apply a coat of mask n' peel to fill in each animal silhouette. Let dry.
5. As the background on each tile, use a pencil to sketch out a combination of doodles to fill the background area.
6. With a detail brush and 2 coats of Dark Black, trace over your doodle design on each tile. Let dry. Once dry, use a small pin or the tapered end of your paintbrush to remove the mask n' peel from each tile.
7. Fill in each animal silhouette using 3 coats of one of the following Concept colors: Light Salsa, Bright Aqua, Light Grape, and Light Jade. Let each dry completely.
8. Dip in Pure Brilliance and fire to Cone 06.
