

# Sister, Sister

*Design courtesy of Bisque Imports*

Personalize using our greek letters to show your sorority loyalty!

## MATERIALS

1792 Rocking Heart Postcard Stand  
5943 Delta (3)  
Any French Dimensions as adhesive  
CN031-8 Light Butternut  
CN121-8 Light Nautical  
123-8 Dark Nautical

## SUPPLIES

Assorted Royal Aqualon Brushes  
Detail Brush  
1/8" Painter's Tape  
Pencil  
Sponge  
Water

## INSTRUCTIONS

1. Lightly wipe ware with a damp sponge to prepare surface for painting.
2. First, paint 3 Delta Greek letters with 3 coats of Light Butternut.
3. On one side of the heart, use 1/8" painter's tape to create a striped pattern, covering the entire surface. Paint the unmasked stripes with 3 coats of Light Nautical, making sure not to paint the side edges of the heart. Let dry. Once dry, remove the painter's tape. Clean any jagged edges of the stripes using the tapered end of a paintbrush.
4. Paint the entire back surface of the heart postcard stand with 3 coats of Light Nautical. Let dry.
5. On the striped surface of the heart, use the template given and a pencil to sketch a small anchor in the top center of the heart. Trace and fill in the anchor with a detail brush and Dark Nautical.
6. Use any French Dimensions to attach the 3 Delta Greek letters to the striped surface of the heart, in one single row, with a small distance in between each letter. Press down firmly to ensure they are attached to the surface well. Tip: When firing, still this project on its back to ensure proper tag-along adhesion.
7. Wipe a damp, clean sponge across the side edges of the heart to clean off any paint that may have spread to its surface. Repeatedly clean the sponge as you do this; if you don't, the dirty sponge may spread paint further onto the side edges. Let the piece dry completely.
8. Dip in Pure Brilliance and fire to Cone 06.
