

# Oh, Sugar

*Design courtesy of Bisque Imports*

This sweet platter set will have you dreaming up parties just to show it off!

## MATERIALS

255 Rim Platter  
2511 Classic Platter Small  
2512 Classic Platter Large  
CN033-8 Dark Butternut  
CN151-8 Light Blue Spruce  
CN261-8 Light Grape  
CN371-8 Light Honeysuckle  
CN384-8 Fruit Punch

## SUPPLIES

Assorted Royal Aqualon Brushes  
Detail Brush  
Painter's Tape ( $\frac{1}{4}$ " and  $\frac{3}{4}$ " )  
Pencil or Thin Permanent Marker  
Scissors  
Water

## INSTRUCTIONS

Lightly wipe each piece with a damp sponge to prepare for painting.

Rim Platter: 1. Slightly off-center, adhere 2 stripes of  $\frac{3}{4}$ " painter's tape down the platter surface, approximately 3-4" apart from one another.

2. Paint the smaller area near the plate edge with 3 coats of Fruit Punch.

3. Paint the area on the opposite edge with 3-4 coats of Light Grape.

4. In the center between the two thick painter's tape lines, firmly adhere a long strip of  $\frac{1}{4}$ " painter's tape to create two equal columns.

5. Using smaller strips of  $\frac{1}{4}$ " painter's tape, cut to size, create diagonal stripes along each column. To create the chevron design, apply stripes of each column so that they extend in opposite directions and meet along the center line. Refer to the template provided as a guide.

6. Alternate 3 coats of Dark Butternut, Light Blue Spruce, Light Grape, Light Honeysuckle, and Fruit Punch to fill in each stripe. Make sure that no bordering stripes are painted using the same color.

7. Once completed, remove all strips of painter's tape from platter surface.

Classic Platter Small: 1. Use strips of  $\frac{3}{4}$ " painter's tape to mask a border around the center area of the platter.

2. Paint the unmasked area with 3 coats of Dark Butternut and allow to dry.

3. Across the center of the platter, apply 5 vertical stripes of  $\frac{1}{4}$ " painter's tape, with equal space in between each stripe.

4. Diagonally apply smaller strips of  $\frac{1}{4}$ " painter's tape, cut to size, down each column. Alternate the direction of the stripes with each consecutive column to create the chevron pattern. Refer to the template as a guide.

5. Alternate 3 coats of Dark Butternut, Light Blue Spruce, Light Grape, Light Honeysuckle, and Fruit Punch to fill in each chevron stripe.

6. Once completed, remove all strips of painter's tape from platter surface.

Classic Platter Large: 1. Use  $\frac{3}{4}$ " painter's tape to mask a border within the center of the platter.

2. Fill in the unmasked area with 3 coats of Light Honeysuckle. Let dry.

3. Apply 4 long strips of  $\frac{1}{4}$ " painter's tape long ways down the platter's rim, with equal space in between each stripe.

4. To create the chevron pattern, apply smaller strips of  $\frac{1}{4}$ " painter's tape along each column in the same fashion used in the previous projects.

5. Alternate using 3 coats of Dark Butternut, Light Blue Spruce, Light Grape, Light Honeysuckle, and Fruit Punch to fill in each chevron stripe.

6. Remove all strips of painter's tape from platter surface. Once completed, dip each piece in Pure Brilliance and fire to Cone 06.
