INSTRUCTIONS

Lightly wipe each piece with a damp sponge to prepare for painting.

Scoop Shop Bowls: 1. Cut out a long strip of contact paper, then cut one long edge in a wavy fashion. Remove contact paper backing, then adhere around the top rim of the bowl with the wavy edge facing down.

2. Paint around the bottom of the bowl with 1 coat of Bright Butternut. Directly above, paint the center with 1 coat of Dark Pink and the top with 1 coat of Dark Honeysuckle. Use a large, damp brush to blend the three colors together. Repeat this process until 3-4 coats have been applied. Let dry.

3. Once dry, remove contact paper from top edge. With a detail brush and Bright Briarwood, outline the wavy line around the bowl.

4. Above the Bright Briarwood line, paint sprinkles using a detail brush and a color combination of Bright Butternut, Bright Grape, Bright Jade, Dark Honeysuckle, Fruit Punch, Neon Blue, and Neon Orange.

6. Paint the inside of the bowl with 3 coats of Neon Blue. Let dry.

7. Repeat this entire process to paint the Medium Scoop Shop Bowl and the Large Scoop Shop Bowl.

Scoop Shop Cup: 1. Cut out a wavy strip of contact paper to mask the top edge of the cup.

2. On the upper portion of the cup, paint 1 coat of Really White along the bottom edge above the cup base. Paint the center of the cup with 1 coat of Bright Butternut. Paint the top portion of the cup with 1 coat of Dark Pink. Use a large, damp brush to blend the three colors together. Repeat this process until 3-4 coats have been applied. Let dry.

3. Once dry, remove contact paper from top edge. Outline the wavy line around the cup with a detail brush and Bright Briarwood.

4. Above the Bright Briarwood line, paint sprinkles using a detail brush and a color combination of Bright Butternut, Bright Grape, Bright Jade, Dark Honeysuckle, Fruit Punch, Neon Blue, and Neon Orange.

5. Paint the base of the cup with 3 coats of Bright Brown. Let dry.

6. Paint the small portion above the base with 3 coats of Bright Briarwood.

7. Use a detail brush and Bright Briarwood to paint crisscrossing lines across the base. Let dry.

Once complete, dip each piece in Pure Brilliance and fire to Cone 06.
