

Cosmic Colors

Design courtesy of Bisque Imports

Create this pretty project in just a few simple steps using Crafter's Workshop stencils and Glassline paints! If cutting circles is a challenge, this design can be just as easily created using square glass bases.

MATERIALS

9599 Hydra Art Sponge
GBC10-100 10 In. Circle Clear Transparent
GBS12-132 Light Blue Glass Transparent Blank
GL12 Pink Glassline Pen
GL14 Purple Glassline Pen
SM9824 Soup Bowl Mold
ST210 Precision Circle Cutter
ST340 1" Running Pliers
ST352 Pistol Grip Glass Cutter
ST540 Thinfire Paper
TCW156 Cosmic Swirl - 12" x 12" Template

SUPPLIES

Hairspray
Toothpick
Water

INSTRUCTIONS

1. Cut a 9.5" round circle from the Light Blue Transparent sheet glass blank using a Precision Circle Cutter, a Pistol Grip Glass Cutter, and Running Pliers.

TIP: For an easy tutorial on how to cut glass circles, check out our technique video!

2. Light spritz the Light Blue project base with hairspray to give the surface tackiness.
3. Position the Cosmic Swirl stencil onto the glass base.
4. Sponge a mix of Pink Glassline paint and Purple Glassline paint onto the open design areas. Once dry, repeat again to achieve 2 coats of color. Let dry.
5. Once dry, gently remove stencil.
6. If needed, use a toothpick to touch up any design areas by scratching off excess paint.
7. Cap project with a 10" clear circle.
8. Full fuse using the 6-segment firing schedule.
9. Once fired, slump project in the Soup Bowl Mold.
