ST540 Thinfire Paper
Cotton Swabs
Elmer's Blue Gel Glue
Nipping Basket
Permanent Marker

"When witches go riding, and black cats are seen, the moon laughs and whispers, 'tis near Halloween."
-Author Unknown

INSTRUCTIONS

1. Gather an assortment of Orange Strips. To cut the Strips in half, score down the center and break along the line with Running Pliers.
2. Arrange the Orange and Orange Opal Opaque strips in a pattern on your piece. Cut them down to the length you desire to create a short and a tall pumpkin. Secure each piece with a swab of glue.
3. To create rounded ends for your pumpkin, outline a semi-circle along the straight edge of a strip. Then score and break the strip along the line.
4. Nip the ends of a Black Glass Rod to create two small eyes for the short pumpkin.
5. Use various glass in different colors and shapes to arrange a face for the tall pumpkin and green stems.
6. Let Dry. Contour fuse using the 6 segment program provided.
7. Once your piece is fired, outline the word "Boo!" on your piece with Sharpie. Go over the outlines with Marabu pen to create an eye-popping exclamation!

Tip: You can also use Frit or Buffalo Chips to write the word on your piece, but make sure that you choose your color combination so that it shows up once fired!
