1. Use a black Sharpie marker to sketch a cupcake design onto the 6" clear glass base. If needed, sketch design on a piece of paper prior to tracing design onto glass.
2. Use a Wheel Mosaic Cutter to nip Medium Blue and Turquoise Blue Opalescent Strips into 3" pieces. Nip the corners off one end of each strip to create a point.
3. Use pinpoints of Elmer's Clear Gel Glue to adhere each strip to create the striped cupcake base.
