

Fantastic Mr. Fox

MATERIALS

CF200C-20 White Opalescent Frit - Coarse
 BC171-20 Orange Transparent Buffalo Chips
 BC233-20 Turquoise Blue Opalescent Buffalo Chips
 BC533.1-20 Sky Blue Transparent Buffalo Chips
 GBITS1009 Black Opalescent Bits
 GBS6-100 6 In. Square Clear Transparent
 ST540 Thinfire Paper

SUPPLIES

Black Sharpie Marker
 Elmer's Clear Glue
 Hairspray
 Silver Sharpie Marker
 Spoon
 Toothpick

INSTRUCTIONS

1. If needed, sketch a fox shape design on the 6" clear base with a black Sharpie marker.
2. Create and fill in the fox body with Orange Transparent Buffalo Chips. As you work, secure glass components in place with pinpoints of Elmer's Clear Glue.
3. Use a spoon to fill in the cheek and belly areas of the fox with coarse White Opalescent Frit. Lightly spritz project with hairspray to secure frit in place.
4. Adhere a Black Opalescent Bit to each eye and the nose with pinpoints of glue.
5. Fill in the background area with a mix of Turquoise Blue Opalescent and Sky Blue Transparent Buffalo Chips.
6. Write the camper's name with a Silver Sharpie on the Thinfire Paper. Position completed project on the Thinfire and transfer to kiln. Contour fuse using the provided firing schedule:

Seg:	Ramp	Temp	Hold
1	300	1000	.30
2	350	1380-1395	.10
3	9999	1050	.60
4	250	800	.10

Materials Guide

CF200C-20 – 2 oz. yields 10 projects
 BC171-20 – 1 oz. yields 20 projects
 BC233-20 – 1 oz. yields 20 projects
 BC533.1-20 – 1 oz. yields 20 projects
 GBITS1009 – 3 bits yields approx. 40 projects
 GBS6-100 – 1 per project (Case of 6)
 ST540 – 6.75" square sheet yields 90 projects

Price Per Camper : ~\$5.76
