SUPPLIES

Decoupage
Glue Stick
Latex Gloves
Magazine or Scrapbook Paper Clippings
Paintbrush or Foam Brush
Paper Towels
Plastic Spoon (to mix grout)
Q-Tips
Toothpick
Scissors
Small Disposable Bowl (for grout mix)
Water

INSTRUCTIONS

1. Paint the base surface with Black acrylic paint. Let dry.
2. From magazine or scrapbook paper clippings, cut out an assortment of word art images. You can also ask campers to bring in family photos or create their own word art designs for a personalized touch.
3. Arrange and adhere the image clippings to the project surface to create your collage design. Once adhered, brush on 1-2 coats of decoupage to seal the clippings in place. Let project dry completely.
4. Using Weldbond as adhesive, adhere Azure Blue Glitter tiles around the project border.
5. Using a toothpick to apply corner pinpoints of Weldbond to each tile, adhere an assortment of Clear Cathedral Nibbles & Bits over the remaining project area.
6. Let your mosaic project dry until all tiles are securely in place. Then, follow the grouting instructions below to grout your project using White Grout:

GROUTING INSTRUCTIONS

- a. Pour grout into a disposable bowl.
 - b. Use a plastic spoon to mix in small amounts of water until you achieve an oatmeal consistency.
 - c. Spread grout mix over project surface, allowing the grout to fill in all gaps between the tiles. Wear plastic gloves to keep your hands clean.
 - d. Allow project to dry for 10-15 minutes, then wipe off excess grout with a paper towel.
7. Once grouted, paint the edges with acrylics if desired.
