

# Proud to Be

## MATERIALS

BIM525 Radiant Red Glitter Mosaic Tiles 10 mm  
BIM550 Icicle Glitter Mosaic Tiles 10 mm  
BIM578 White Smoothies  
BIM585 Medium Blue Smoothies  
BIM70212-0002 White Grout  
BIM8-50030 Weldbond 101 oz.  
BIM8006 Star Plaque

## SUPPLIES

Acrylic Paint (optional)  
Latex Gloves  
Paintbrush (optional)  
Paper Towels  
Pencil  
Plastic Spoon (to mix grout)  
Q-Tips  
Small Disposable Bowl (for grout mix)  
Water

## INSTRUCTIONS

1. Sketch your American flag design on the mosaic base with a pencil. Sketch a line to separate one star point, then sketch stripes across the remaining area.
2. Using Weldbond as adhesive, fill in the blank star point with White and Medium Blue Smoothies. As you work, create a pattern by alternating tile color.
3. Adhere Radiant Red and Icicle Glitter tiles to fill in the stripes. Alternate colors with each stripe.
4. Let your mosaic project dry until all tiles are securely in place. Then, follow the grouting instructions below to grout your project using White Grout:

### GROUTING INSTRUCTIONS

- a. Pour grout into a disposable bowl.
  - b. Use a plastic spoon to mix in small amounts of water until you achieve an oatmeal consistency.
  - c. Spread grout mix over project surface, allowing the grout to fill in all gaps between the tiles. Wear plastic gloves to keep your hands clean.
  - d. Allow project to dry for 10-15 minutes, then wipe off excess grout with a paper towel.
5. Once grouted, paint the edges with acrylics if desired.

## Materials Guide

BIM525 – approx. 50 tiles yields 12 projects  
BIM550 – approx. 50 tiles yields 12 projects  
BIM578 – approx. 10 tiles yields 45 projects  
BIM585 – approx. 10 tiles yields 45 projects  
BIM70212-0002 – 1 lb. bag covers approx. 5 projects  
BIM8-50030 – 1 oreo-sized drop yields approx. 500 projects  
BIM8006 – 1 per project
