

Say My Name

MATERIALS*

- BC171-20 Orange Transparent Buffalo Chips
- BC230.72-20 Medium Blue Opalescent Buffalo Chips
- BC233-20 Turquoise Blue Opalescent Buffalo Chips
- BC267.72-20 Sunflower Opalescent Buffalo Chips
- GBITS1009 Black Opalescent Bits
- GBITS200 White Opalescent Bits
- GBS6-100 6" Square Clear Transparent
- ST540 Thinfire Paper
- ST950 (17 gauge) High Temp Alloy Wire (Optional)

SUPPLIES

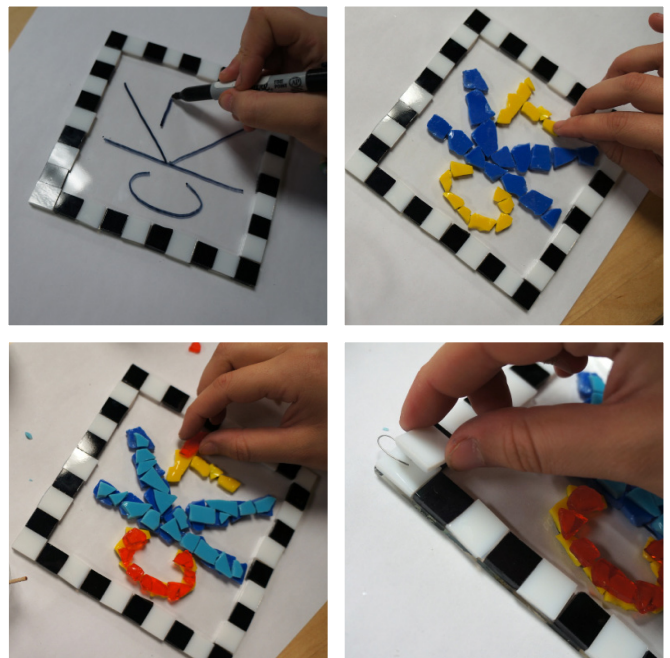

- Black Sharpie Marker
- Elmer's Clear Gel Glue
- Scissors
- Silver Sharpie Marker
- Toothpick

INSTRUCTIONS

1. Use pinpoints of Elmer's Clear Gel Glue to glue Black Opal Bits and White Opal Bits around the project edge to create a checkered border.
2. Sketch your monogram design in the center of the glass with a black Sharpie marker.
3. Adhere Sunflower Opal Buffalo Chips over each small initial, and Medium Blue Opal chips over the large center initial.
4. Adhere a layer of Turquoise Blue Opal chips over the center initial. Repeat on each small initial using Orange Transparent chips.
5. Optional: Cut two small pieces of High Temp Alloy Wire, then bend each piece to create a wire loop. Use a dot of glue to attach the wire loops to each upper corner. Position a Black or White Opal bit on top of each wire loop to secure in place.
6. Write the camper's name with a Silver Sharpie on the Thinfire Paper. Position completed project on the Thinfire and transfer to kiln. Contour fuse using the provided firing schedule:

Seg:	Ramp	Temp	Hold
1	300	1000	.30
2	350	1380-1395	.10
3	9999	1050	.60
4	250	800	.10

7. Optional: Once fired, attach wire or string to create a hanging plaque!

***This kit includes enough materials and supplies needed to create 50 projects. Let your campers get creative with all available materials to create their own unique project!**

Avg. Price Per Camper : \$5.25
