## Materials Guide

1204 Crazy Bob's Camper Bank  
RAA-5108 - 1 quarter-sized drop yields 200 projects  
RAA-5110 - 1 oreo-sized drop yields 40 projects  
RAA-5114 - 1 oreo-sized drop yields 40 projects  
RAA-5120 - 1 pepperoni-sized drop yields 80 projects  
RAA-5121 - 1 sand dollar-sized drop yields 20 projects

## INSTRUCTIONS

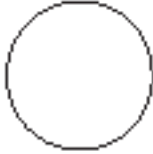

1. Paint the underside of the camper bank with Titanium White. Use the same color to paint the wheel accents, the beams around the camper and in front of the camper, the door, and window borders. Let dry.
2. Paint the window centers with 2 coats of Cadmium Yellow.
3. Accent other camper accents (like the rear lights) as desired.
4. Mix 1 quarter-sized drop of Titanium White with a small drop of Mars Black. Use this color to paint the camper's hitch.
5. Paint the bottom half of the camper with Cadmium Red.
6. Mix 1 part Dark Ultramarine to 4 parts Titanium White to get a light blue color shade. Use this color to paint the upper half of the camper.
7. Paint the remaining areas of the tires with Mars Black.
8. Paint both camper hitch stabilizers with Mars Black.
9. Outline the door and latches with Mars Black.
10. Accent your camper's other decor accents as desired, and allow time to dry!

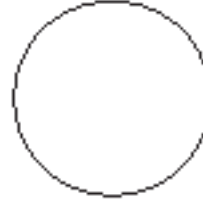

For added fun, encourage painters to customize their camper banks! Swap our suggested colors out with campers' favorite colors, add fun decorations, or customize with names or sayings!
