

Crazy Daisy Box

Design courtesy of Bisque Imports

Design your own handmade trinket 5.25" Tile Box!

MATERIALS

921 5.25" Tile Box
5706 Bisque Garden Daisy
8301 E-6000 Adhesive 3.7 oz.
9599 Hydra Art Sponge
RAA-113 Primary Cyan 120 ml
RAA-116 Pthalocaynine Emerald Green 120 ml
RAA-122 Primary Magenta
RAA-145 Violet 120 ml
RAA-147 Light Blue 120 ml
RAA-148 Bright Yellow Green 120 ml
SS330 Super Gloss Sealer Spray (optional)

SUPPLIES

Assorted Paintbrushes
Water

Materials Guide

921 - 1 box per project

5706 - 1 tag-along per project

8301 - 1 dime-sized drop yields 40 projects

9599 - Shareable amongst painters!

RAA-113 - 1 pepperoni-sized drop yields 20 projects

RAA-116 - 1 dime-sized drop yields 40 projects

RAA-122 - 1 quarter-sized drop yields 30 projects

RAA-145 - 1 dime-sized drop yields 40 projects

RAA-147 - 1 quarter-sized drop yields 30 projects

RAA-148 - 1 quarter-sized drop yields 30 projects

INSTRUCTIONS

1. Wipe bisque with a Hydra Art Sponge to remove any dust.
2. Paint the bottom of the box using Primary Cyan. Set aside to dry.
3. Paint the box lid using Primary Cyan and Light Blue. To achieve a blended look, mix multi-directional brushstrokes using these two, or two other complementary, colors. Set aside box bottom to dry.
4. Paint the daisy petals using Primary Magenta.
5. Paint the daisy center with Violet. Use Violet, as well, with a detail brush to accent the texture on the daisy petals.
6. Allow tag-along to dry, then attach to your box lid using E-6000 Adhesive.

TIP: E-6000 Adhesive fully dries within 24 hours, so keep your box lid level until your tag-along is fully secure.

7. Paint leaf shapes around the attached daisy tag-along using Bright Yellow Green.

TIP: To avoid streaky brushstrokes when using lighter shades of acrylic paints, paint two coats for best coverage.

8. Outline and accent the leaf designs using Pthalocaynine Emerald Green and a liner or detail brush.

TIP: Use a Liner paintbrush for long detail lines, and a Detail paintbrush for smaller accent designs.

9. Once project is complete, allow paint to fully dry. For extra shine, spray your completed project with Super Gloss Sealer Spray in a well-ventilated area.

Painting tip:

Acrylics can be messy! Always paint on a disposable or easy-to-clean surface, and wear an apron to keep your clothes clean.
