

Shimmer Mirror

Design courtesy of Bisque Imports

Create a dazzling MDF mixed media mirror for your home!

MATERIALS

BIM677 Pretty Pink Glitter Smoothies
BIM682 Medium Blue Glitter Smoothies
BIM690 Aubergine Glitter Smoothies
BIM696 Celeste Blue Glitter Smoothies
BIM8-50030 Weldbond 101 oz.
BIM9063-2 6" Round Mirror
RAA-113 Primary Cyan 120ml
RAA-122 Primary Magenta 120ml
RAA-147 Light Blue 120ml
RAA-151 Magenta 120ml
ST356 Wheel Mosaic Nipper (optional)

SUPPLIES

Assorted Paintbrushes
Paper towels
Pencil
Q-Tips
Water

Materials Guide

BIM677 - Approx. 15 tiles yields 20 projects

BIM682 - Approx. 15 tiles yields 20 projects

BIM690 - Approx. 15 tiles yields 20 projects

BIM696 - Approx. 15 tiles yields 20 projects

BIM8-50030 - 2 oz. yields 50 projects

BIM9063-2 - 1 per project

RAA-113 - 1 quarter-sized drop yields 30 projects

RAA-122 - 1 quarter-sized drop yields 30 projects

RAA-147 - 1 quarter-sized drop yields 30 projects

RAA-151 - 1 quarter-sized drop yields 30 projects

ST356 Wheel Mosaic Nipper (optional)

INSTRUCTIONS

1. Remove the circular mirror from the mirror MDF frame.
2. Sketch your striped design with a pencil, allowing for enough stripes to accommodate each mosaic tile color choice.
3. Paint your stripes, in a set pattern, using Primary Cyan, Primary Magenta, Light Blue, and Magenta.

TIP: Acrylics can be messy! Always paint on a disposable or easy-to-clean surface, and wear an apron to keep your clothes clean.

TIP: For lighter shades of acrylic paint, paint 2 coats of each color for full paint coverage.

4. Allow painted stripes to dry completely.
5. Using a Q-tip and Weldbond as glue, adhere mosaic tiles to the stripes on your mirror project. Overlay Primary Cyan with Medium Blue Glitter Smoothies, Primary Magenta with Pretty Pink Glitter Smoothies, Light Blue with Celeste Blue Glitter Smoothies, and Magenta with Aubergine Glitter Smoothies. Once tiles are adhered to the mirror, set aside to allow glue to dry completely.

TIP: Use a q-tip or paintbrush to apply a small layer of glue to each individual tile, then immediately adhere tiles to the preferred project area. Apply tiles in small areas at a time until the project surface is covered.

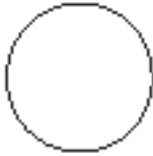

TIP: Use a Wheel Mosaic Nipper to cut mosaic tiles into smaller pieces if needed! To use Mosaic Nippers, position the tile evenly in between the two wheel cutters, then apply pressure to nip the tile into two smaller pieces.

6. Once your project is complete, flip your project over and reposition the mirror insert into the mirror frame.

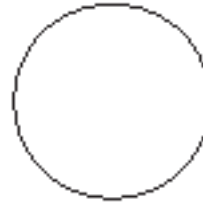

Switch up the paint and mosaic tile colors for your fave colors for extra personalization. The possibilities are endless!
