

Celebration Station

Design courtesy of Bisque Imports

By using a simple, punchy design on a large plate, this project is able to catch your eye while still being easily reproduced. This calls for a celebration!

MATERIALS

114 Rectangle Sushi Platter
CN022-8 Bright Saffron
CN074-8 Really Red

Ballpoint Pen or Pencil
Cardstock
Hole Punch Reinforcements
Paint Dotters
Scissors
Masking Tape

**Celebrate the
happiness that
friends are always
giving, make every
day a holiday and
celebrate just
living!**

INSTRUCTIONS

1. Begin by sketching the lines of your banners onto your plate with a pen or pencil.
2. Draw a triangle on cardstock with pen or pencil. Cut the shape out with scissors and trace it repeatedly along your previously sketched lines. Make sure to leave a little space in between each triangle! Note : If you wanted to use a background color, you could cut your triangles out of contact paper and paint your background on top. Then, simply peel off with a straight pin and begin your designs!
3. Using dotters, brushes, tape and reinforcement stickers, paint unique designs on each triangle. To mix it up, try painting several solid colors to make the patterns stand out more.
4. Using a thin detail brush, outline the triangles with Dark Black and fill in the lines connecting them.
5. Write out your message in pen or pencil on the top left section of your platter. Using a thin brush, paint the message in light kiwi.
6. Glaze and fire to cone 06.
