INSTRUCTIONS

1. Lightly wipe ware with a damp sponge to prepare surface.
2. Paint the entire piece with three coats of Light Aqua.

3. Once dry, sketch a wavy line at the bottom of the outer tub, about two to three inches up. Paint bottom of tub Light Ginger blending to Dark Ginger for the sand. Add little dots in Dark Ginger as grain of sand accents.
4. Using the largest paint dotter dip in Really White and dab on inside of tub. Place them all around and once dry, sponge over once more to make sure there is enough Really White to show up.
5. Using Really Red Sprinkles and Light Kiwi paint child's hand alternating colors so it creates a striped effect on hand. Now place sideways on top area of tub. This will be a fish.
6. Clean hand and paint base of hand Really Red Sprinkles. Paint fingers Bright Purple. Place sideways. This will be a jellyfish.
7. Clean hand and paint both hands with Really Red Sprinkles. Place left hand first on base of sand, and then place other right next to it, with palms touching. This will be a crab.
8. Clean hands. Paint left with Neon Orange and Bright Aqua, alternating colors creating a striped effect. Place at the upper side of the tub. Re-apply paint and place hand next to other hand, however placing lower this time. These will be two fish.
9. Clean hand, and paint Bright Purple. Place hand downwards, fingers touching sand. This will be an octopus.
10. Paint fingers Bright Kiwi and place in sand as seaweed.
11. Now, paint thumb Dark Purple and place in sand, printing five times, imitating the shape of a star. Repeat as desired.
12. Paint your thumb Light and Dark Purple and use as a shell.
13. Now, add accents and details to sea creatures and seaweed.
14. Using Really White, take the pointer finger and place around fishes mouths, imitating bubbles.
15. Use a pencil to write names under each print, then trace over with Dark Black using a fine tip liner.
16. Using the fine tip liner and Dark Black, accent the polka dots.
17. Dip in Clear Brilliance and fire to Cone 06.
