INSTRUCTIONS

1. Lightly wipe ware with a damp sponge to prepare surface for painting. Print the tree template attached to the Technique Sheet. Place a piece of tissue paper on top of the template and trace with a Sharpie.

2. Lay tissue paper onto plate and trace with Sharpie once more. Once finished, lift the tissue paper to reveal a faint outline of a tree on your plate.

3. Using a thin round Royal Brush, paint in your outline with Wax Resist.

4. Once dry, load your Aqualon Ultimate Fan Brush No. 8 with Dark Purple. Apply several strokes of onto the bottom third of plate.

5. Once done, clean brush and load one side of brush Dark Purple and the other half with Bright Purple. Now stroke the mid section of the plate, allowing Dark Purple and Bright Purple to blend together.

6. Next, clean brush and load with Bright Purple. Paint a couple strokes, making sure to blend the plate. Next, clean brush and load half with Bright Purple, and the other half with Light Purple. Blend well and finish off the top with Light Purple.

TIP: If paint is too dry to blend, dip brush in a little bit of water.

7. Paint edges and back of plate Dark Purple.

8. Dip in Pure Brilliance and fire to Cone 06. Once fired, cool and paint two birds Dark Honeysuckle. Glaze the bare tree and birds with a fan brush and re-fire at Cone 06.
